Top 10 tips to look radiant this summer

- Remember to **cleanse** to prepare your skin for treatment products and make-up. Your face should feel clean and not dry or dehydrated.
- Retain your youthful complexion with **sun protection** – we recommend RAD.
- Choose your **moisturiser** and actives to match your skin type and the season.
- Use a gentle **clay mask** daily to treat your skin, promote radiance and help prepare your skin to accept actives. We recommend ASVT Hydrating Exfoliating Mask.
- Creating a flawless face, match the colour of your **foundation** to your décolleté. Always apply your foundation before your concealer as often your foundation will cover the bulk of any flaws.
- Maintain your **brows**. Eyebrows lift and frame your face. Consider tinting your brows, wearing compli-

mentary shadows and using your eye gel to maintain a healthy glow.

- Invest in a **body brush** and use it daily to improve your skin's texture. It's effective for helping to brush off bumps, shift toxins, slough off dead skin cells and stimulate your skin.
- Apply your body moisturiser at night for maximum impact while you **sleep**.
- Maintaining your **fingernails** and **toenails** can be an excellent way of revamping that old outfit, and show the world how well groomed you are, nails can be your best accessory.
- Consider a **spray tan** for those holiday events; this is a safe way to boost your natural glow.
